Disaster Relief Grant Application (For Non-FEMA or Non-Insurance Covered Expenses)

Disaster Relief Grants are for expenses associated with clean-up or recovery from a non-flood related disaster such as a fire or a tree falling on a structure/vehicle. Grants may be used to pay for structure and vehicle repairs, necessary supplies and services, replacement of damaged personal property, or other related costs.

Disaster Relief Grants can be applied for at any time. It is expected that grant awards will not be more than \$2,500. If there is need for more than \$2500, please describe why in the application. A household can apply for more than one grant.

Grants will be in the form of a gift card or direct payment from the Middlesex Community Fund to businesses supplying the needed goods or services. If the applicant has already paid for the expense and is requesting reimbursement, the applicant must submit a receipt showing payment along with the application.

Disaster Relief Grants are only available to households or businesses of those who live or work in Middlesex, Vermont, and priority is given based on financial need.

All questions on this form must be completed and this application must be signed by you for your application to be considered.
