Flood Relief Grant Application (For Non-FEMA or Non-Insurance Covered Expenses)

Flood Relief Grants are for expenses associated with preparation, clean-up, or recovery associated with weather-related flooding. For example, grants may be used to pay for driveway and house repairs, sump pumps, dehumidifiers, or replacement of flood-damaged personal property.

Flood Relief Grants can be applied for at any time. It is expected that grant awards will not exceed \$1,500 but if there is need for more funds than that please describe why in the application. A household/family can apply for more than one grant.

Grants will be in the form of a gift card or direct payment from the Middlesex Community Fund to businesses supplying the needed goods or services. If the applicant has already paid for the goods or services and is requesting reimbursement, the applicant must submit a receipt showing payment along with the application.

Flood Relief Grants are only available to households of those who live or work in Middlesex, Vermont, and priority is given based on financial need.

All questions on this form must be completed for your application to be considered.
